AHMED TAREQ ABDELHADY ALIELDIN

SOC Analyst | Cybersecurity Professional | Top 4% TryHackMe

Phone: +20 155 918 1558 | Email: ahmed.tareq.alieldin@gmail.com

WhatsApp | Email | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

CCNA-certified SOC Analyst with 600+ hours of hands-on cybersecurity training in threat detection, incident response, and SIEM operations (FortiSIEM, QRadar). Monitored 500+ daily security events, reduced incident response time by 30%, and executed 15+ Red Team exercises. Ranked in the Top 4% out of 3M+ users on TryHackMe. Bachelor's degree in Computer Science from Menoufia University.

EDUCATION

Bachelor of Computers and Information in Computer Science May 2025

Faculty of Computers and Information, Menoufia University, Egypt

WORK EXPERIENCE

Security Operations Center (SOC) & Penetration Testing Trainee (600 Hours) Sep 2025 – Feb 2026

National Telecommunication Institute (NTI), Egypt

English Language & Soft Skills Training (180 Hours)

- Authored cybersecurity blog/article and technical documentation on attack and defense techniques
- Developed a SOC deployment project plan including risk analysis, incident escalation policies, and resource allocation
- Delivered 10+ cybersecurity briefings to technical staff and senior management, improving stakeholder understanding of vulnerabilities by 30%

Cybersecurity Technologies and Operations (420 Hours)

- Monitored 500+ daily security events and alerts using FortiSIEM and IBM QRadar SIEM platforms
- Performed incident triage, escalation, and documentation following SOC playbooks, reducing response time by 30%
- Conducted log analysis and threat hunting across 10+ data sources to identify potential security incidents
- Executed 15+ Red Team exercises including vulnerability scanning and penetration testing on live environments
- Analyzed network traffic using Wireshark to detect anomalies and investigate 20+ potential intrusion attempts
- Collaborated with cross-functional teams to develop and refine incident response procedures and runbooks

Frontend Developer Trainee Aug 2024 – Sep 2024

Information Technology Institute (ITI), Menofia, Egypt

- Delivered 5+ responsive web applications using React JS, HTML5, CSS3, and JavaScript
- Achieved 95%+ Lighthouse accessibility scores through modern UI/UX design practices
- Optimized application performance through code splitting and lazy loading, reducing load times by 35%

PROJECTS

SOCMind Platform Live Demo

Security Operations Dashboard | React, TypeScript, Data Visualization

- Architected a scalable SOC dashboard processing 1,000+ security events for real-time threat monitoring
- Built security event visualization with 8+ chart types and alert management systems
- Streamlined data aggregation pipelines reducing security metric review time by 40%

Business Management Platform Live Demo

Enterprise Operations System | React, TypeScript, Supabase, Database Design

- Designed comprehensive business workflow automation managing 200+ records with data integrity
- Created 5+ reporting dashboards improving operational efficiency by 25%
- Integrated real-time database synchronization with Supabase ensuring 99.9% data consistency

Competition Management System Live Demo

Full-Stack Application | React, Supabase, Authentication, RBAC

- Developed end-to-end registration system with role-based access control serving 3 admin roles
- Engineered scalable database architecture handling 2,000+ registrations with automated workflows
- Established secure authentication flows and session management protecting sensitive participant data

SKILLS

Security Operations: Threat Detection, Incident Response, Log Analysis, SIEM, CTF

Tools & Technologies: FortiSIEM, QRadar, Wireshark, Nmap, Metasploit, Burp Suite

Network Security: TCP/IP, OSI Model, Firewall, VPN, IDS/IPS, Cisco Networking

Operating Systems: Windows Server, Linux (Ubuntu, Kali), System Hardening

Programming: Python, Bash, JavaScript, React, Vibe Coding, SQL

Compliance & GRC: NIST Framework, ISO 27001, GDPR, Risk Assessment

Soft Skills: Technical Writing, Project Management, Communication, Team Collaboration, Analytical Reasoning

LANGUAGES

Arabic (Native) | English (B2 - Upper Intermediate)

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

eCIR – Certified Incident Responder (In Progress) eLearnSecurity / INE

Practical training in incident response workflows, threat analysis, log correlation, malware investigation, and forensic fundamentals—aligned with real-world SOC environments.

Fortinet NSE4 – Network Security Professional (In Progress) Fortinet

- Introduction to Cybersecurity - Cisco Networking Academy, 2025
- Python Essentials 1 & 2 - Cisco Networking Academy, 2025
- Web Development Using React JS (120 Hours) - Information Technology Institute, 2024
- Network Security - Cisco Networking Academy, 2025
- Ethical Hacker - Cisco Networking Academy, 2025
- CCNA v7 (Cisco Certified Network Associate) - National Telecommunication Institute, 2025 - Score: 80%
- Red Hat System Administration I (RH124) - Red Hat, 2026 (40 Credit Hours)
- eLearnSecurity Junior Penetration Tester (eJPT) - Netriders Academy
- SANS SEC450: Blue Team Fundamentals - Netriders Academy
- CompTIA Security+ (Sec+) - Netriders Academy
